

Weyerhaeuser Company E-Tank

Tank & Vessel Erection Experience

Longview, WA

Customer: Weyerhaeuser Company

In the spring of 2002, Weyerhaeuser Company contracted with JH Kelly to erect its new stainless steel black liquor tank at its pulp mill in Longview, Washington. The tank is 30' in diameter and in excess of 43' high.

The project included the existing tank's demolition and installation of all associated piping.
